

Sun Evening

Dearest Etha.

I just walked up to Lill Nelsons from Ephraim I dont know rather you remember her or not. 9th So + 10 E. on my way back I called in to Solomons at Windsor St. its to bad a woman couldnt afford a 25[¢] pass. Im really tired I may walk down to see a Mt Pleasant girl this evening if Im not to all in. 4 So bet Main + West Temple. I think I had better put it off another week. though.

we have been having a lot of rain. & it looks like more again its night rained yesterday & the day before. Hera wrote me two cards I havent written her yet.

Im waiting for her to get settled. Bless her. the poor little soul. I will send you her address the minute I get a permanent one. Im using all my stamps and stationery on you, I hope you O.K. I dont want you to get ill down there alone among strangers so be careful & dont break down. you know in S.L. you could come to mother & I would stay by you day & night if necessary.

Are you getting acquainted? Our questions.

you all too nervous my dear try to settle down & be calm about every thing it worries me. try to settle down & make up your mind to some thing.

There has been no mail for you. Day has been a fall tell him I said Thanks for all his kindness & will always appreciate him staying by you on this trip. Are you almost broke? If things look too dark it may be wisdom to come back while the coming is good. but if you do lets & be better falls than ever. be far more patient & confident.

I will close dear. Don't stringy to turn on the Radio, lights, make a fire or any other thing.

Write by return mail & tell me all about your self & every thing.

We are well & getting along fine. We love you more & more. It just takes something like this to make us appreciate each other.

Love & best wishes from
