GLAMORGLO: ETHA BUR-
TON, of MGM's Script Depart-
ment, gets the spot today. ETHA
hails from Salt Lake City and is
a typical pretty Utah girl . . .
and charming too. She was sec-
retary to Adam S. Bennion for
quite some time, and then spent
three years in San Francisco.
From there she came to Los An-
geles and promptly got herself a
job in the studio. Her method
was simple: she contacted the
head of the Script Dept. who
willingly granted her an inter-
view—and she was hired! At
present ETHA works with Maur-
ine Watkins, writer. She lives
with the Joseph McMurrins, likes
clothes and fun . . . and when
she's not working late at the
Studio she's working with the
Wilshire Players Guild.
